SUMMARY

I am an Information Technology student at Universitas Gadjah Mada with an interest in problem-solving and innovation. The awards I have received reflect my analytical, technical, and teamwork abilities. My skills in communication, time management, and planning, developed through various projects and activities, enable me to contribute effectively to event organization and coordination. Additionally, my strong adaptability allows me to navigate challenges and changes effectively in various settings.

EXPERIENCE

- HumIT Staff (Website Subdivision)**
PIONIR Kesatria

May 2025 - Present
